BUILT RUGGED
FOR AUSTRALIAN & NZ CONDITIONS

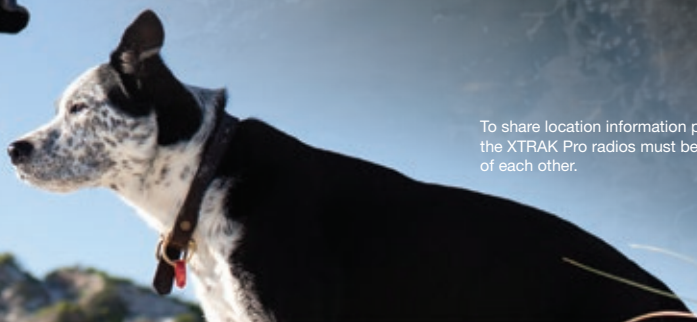

UHF HANDHELD AND IN-VEHICLE PLUS ADVANCED TRACKING IN 1

The XTRAK 80 Pro in vehicle and XTRAK 50 Pro handheld UHF radios are App enabled – giving you the ability to location track on your radio through the XTRAK Bluetooth App.

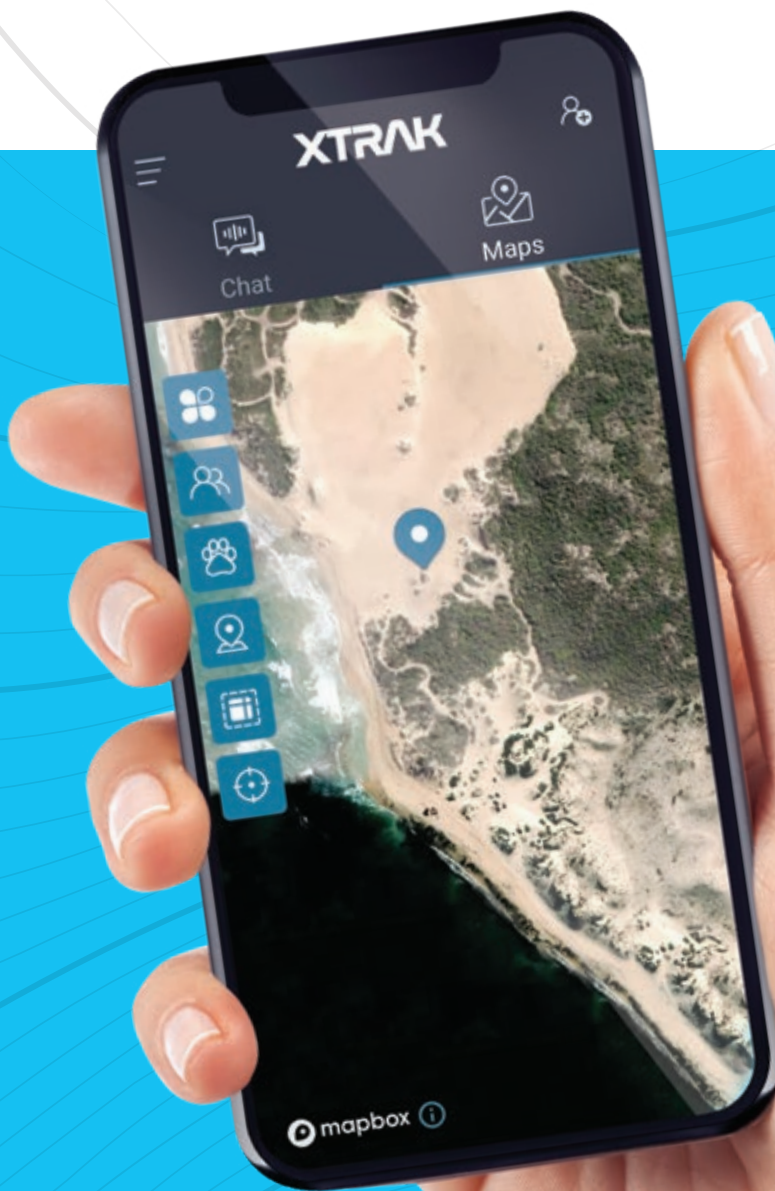

Talk to a friend or colleague and know exactly where they are, by using the App's advanced positional tracking and location sharing features as part of the XTRAK App on your smartphone when connected to your UHF Radio.

Whether in another vehicle with the XTRAK 80 Pro or on foot with XTRAK 50 Pro, you'll never be out of contact and always be able to communicate and establish your exact position, as Uniden's location tracking works between the in vehicle and handheld UHF radios, ensuring both locations are accurate.

Uniden® XTRAK

To share location information provided by the App the XTRAK Pro radios must be within UHF CB range of each other.

APP ENABLED

Location Tracking

In-Vehicle and Handheld

Pairing the XTRAK Pro models with the Bluetooth XTRAK App, available for iOS and Android, is simple and immediately enables advanced positional tracking and location sharing with the UHF radio.

The App also gives you access to settings controls on the radio, allows you to manage Selcall (mobile only) contacts and extra receive channels, as well as sending in-App text messages.

Bluetooth XTRAK Pro App²:

- Advanced Positional Tracking and Location sharing
- Manage Radio Settings, Selcall Contacts and Extra Receive Channels
- Repeater Find
- Send basic in-App text messages
- XTRAK Pro products are software upgradable via the app, keeping users up-to-date with the latest features and technology

Bluetooth Audio³:

- Connect to vehicle speakers or compatible Bluetooth headset.

The background of the advertisement is a dark, moody photograph taken from the driver's perspective inside a vehicle. The steering wheel is visible in the lower foreground, and the dashboard has a small red indicator light. Through the windshield, a bright sunset or sunrise is visible, with the sun low on the horizon and its light reflecting on the clouds. The overall color palette is dominated by dark blues, greys, and the warm oranges and yellows of the low sun.

The background of the advertisement is a photograph of a boat's interior, specifically the cockpit area. A large, clear windshield is visible, reflecting the blue sky and the ocean. The boat's frame is made of dark metal, and a wooden steering wheel is partially visible. The overall scene is bright and sunny, suggesting a day out on the water.
